Product Guide - Steel and Engineering

Quality products inspired
by *innovation* designed specifically
for the **Steel and Engineering**
Industries.

www.dymark.com.au

PROTECTION From the Elements

Dy-Mark's metal protection range has been specially formulated to prevent rust and corrosion. The range is ideal for preserving and protecting both new and old metal structures in both industrial and DIY applications. **Featuring premium adhesion properties and superior coverage**, Dy-Mark's Metal Protection Range ensures long lasting results whilst providing protection against the harsh Australian environment.

PRODUCT GUIDE

Zinc Gal

Zinc Rich Corrosion Inhibitive Coating
400g [Qty 12], 250ml, 500ml, 1 L, 4 L

Features & Benefits

- A zinc-rich high performance coating
- Contains 91% zinc in dry film
- Provides true galvanic protection to steel and iron
- Excellent adhesion properties
- Ideal for structural steelwork in industrial environments (tanks, pipes, fences and buildings)

Etch Primer

Fast Drying Premium Formula
325g [Qty 12]

Features & Benefits

- Provides excellent adhesion for metal surfaces that are difficult to bond to
- Protects against corrosion
- Fast dry product
- Suitable for use on aluminium, galvanised iron, new steel, alloys and non-ferrous metals

Silver Gal

Anti-Corrosive Bright Silver Finish
350g [Qty 12]

Features & Benefits

- Anti-corrosive silver paint
- Designed to match the bright finish of hot dip galvanising
- Provides a tough and durable finish to steel and iron
- Ideal for industrial and decorative applications
- Suitable for use as a top coat over Dy-Mark's Zinc Gal

Rust Reformer

350g [Qty 12]

Features & Benefits

- Chemically converts rust on metal surfaces into a tough barrier against further corrosion
- Dries to a flat, black finish within 40 minutes
- Suitable as a stand-alone finish and can also be top-coated if necessary
- Can be sanded after 3 hours

Primers

Heavy Duty Metal Protection
350g [Qty 12]

Features & Benefits

- Quality primer range for clean and rusty metal surfaces
- Forms a tough barrier against corrosion
- Excellent adhesion properties
- Superior coverage for DIY and industrial use
- Ideal for top coating with Dy-Mark's Revolution range of products
- Suitable for use on wrought iron railings, fences, gates and other structural steel

Hi-Heat Enamel

350g [Qty 12]

Features & Benefits

- Retains colour and finish up to 538°C
- Direct to metal application
- Durable long lasting finish
- Ideal for grilles, wood-burning stoves, radiators, engines and other metal items
- Not for use in areas directly exposed to flames (e.g. inside grilles or fireplaces)

STEEL AND ENGINEERING

OVER MANY YEARS, DY-MARK HAS DEVELOPED A WIDE RANGE OF SOLUTIONS SPECIFICALLY FOR THE STEEL AND ENGINEERING MANUFACTURING INDUSTRIES. THIS INCLUDES HIGH PERFORMANCE CORROSION PROTECTION, MARKING PAINTS AND LONG-ARM HANDLES FOR EASE OF DIFFICULT APPLICATIONS. WE WORK VERY CLOSELY WITH OUR DISTRIBUTORS HERE IN AUSTRALIA AND THROUGHOUT THE WORLD TO ENSURE THAT CHANGING LEGISLATION, SAFETY LAWS, IMPROVED PROCESSES AND INNOVATIVE APPLICATIONS ARE TAKEN INTO ACCOUNT WHEN BUILDING UPON OUR EXTENSIVE PRODUCT OFFERING. DY-MARK CONTINUES TO PURSUE THE KNOWLEDGE AND CAPABILITY TO PROVIDE PRODUCTS THAT WITHSTAND THE HARSHTEST OF ENVIRONMENTS AND THE VIGOROUS DAILY TASKS THAT OUR PRODUCTS ARE SUBJECTED TO; WITH PROVEN LASTING RESULTS AND PROJECT SATISFACTION TIME AFTER TIME.

CONTENTS

MARKING PRODUCTS		
	Aerosol Paints Spray & Mark, Spray & Mark Water-Based, Spray Lacquer, Spray Ink and Line Marking Paint	6-7
	Bulk Paints Line Marking Paint Solvent-Based and Line Marking Paint Water-Based	8
	Inks & Dyes Stamp Pad Ink S100, Stamp Pad Ink S200, Marker Refill Ink WB50, Ballmarker Refill Ink T400, Ballmarker Refill Ink PB80, Balemark Ink BM200, Engineers Layout Ink and Flawchek "Crack Detection" System	9-11
	Stenciling Car Park Stencil Kit, Safety Stencils, Clock Face Stencils, Custom Made Stencils, Mylar Stencil, Poly Stencil, Zinc Stencil, Zinc Stencil Sets, Brass Interlocking Stencil Sets, Stencil Mate Brush Head, Stencil Mate Roller Head and Stencil Mate Lacquer	12-15
	Markers & Crayons Industrial Marker D10, Industrial Marker Duo, Industrial Marker D90, Industrial Refillable Ballmarker, Paint Marker P10, Paint Marker P20, Paint Marker P30, Ink Marker i70, Ink Marker i90, Ink Marker iFine, Ink Marker iFlip, Trades Marker, Red-Riter Marker, Silver-Streak Marker, Markal Paintstik K, Markal Paintstik H, Markal Paintstik HT, Markal Paintstik B, Markal Paintstik B-L, Markal Paintstik P, Markal Paintstik M, Markal Paintstik Professional Set, Markal Ultrascan, Markal All-Weather Paintstik, Leviathan Industrial Crayons, Leviathan Lumber Crayons, Engineering Chalk and Markal Thermomelts	16-26
	Tools & Accessories Line Master, Long Arm Handle, 2 Wheel Spot Marking Handle and Holster	27

MANUFACTURING

Our products will assist in the following applications:

- Acrylic and plastic conditioning
- Concrete and turf marking
- Custom stencilling
- Distance measurement and marking
- Identification and process marking
- Metal protection & maintenance
- Parking or goods bay set out
- Process/Product packing and despatch aids
- Rust prevention/protection
- Safety zone layout marking
- Slip prevention
- Survey marking
- Utilities marking & identification

PROTECTIVE & DECORATIVE COATINGS

Surface Protection

Zinc-Gal, Silver-Gal, Primers, Etch Primer, Rust Reformer and Hi-Heat Enamel

28-29

CLEANERS & LUBRICANTS

Cleaners

Acetone, Xylene and General Purpose Thinners

30

INDUSTRIAL PACKAGING

Tape

PP31 Vibac Packaging Tape, Masking Tape, Silver PVC Sealing & Joining Tape, Stock Printed Tape and Tape Dispensers

31-32

Strapping

Polypropylene Hand Strapping, Heavy Duty Polypropylene Hand Strapping, Polypropylene Machine Strapping, Polypropylene Strapping Tools, Polypropylene Strapping Accessories, Steel Strapping, Steel Strapping Accessories and Steel Strapping Tools

33-35

Wrapping

Hand (Blown Film) Stretchwrap & Accessories, Machine (Blown Film) Stretchwrap and Bundling Film & Accessories

36

Aerosol Paints

Spray & Mark

Marking Out Paint
350g [Qty 12]

Features & Benefits

- Premium marking out paint
- Toluene-free formula
- Designed for inverted use
- Bright colour range for highly visible marks
- Applications include construction, landscaping, civil works and surveying
- Unique spray pattern specifically designed for spot marking as well as 'writing' applications
- Suitable for use with Dy-Mark's Long Arm Handle and Spot Marking Handle (refer to page 26)
- Spray & Mark Holster also available to provide easy access to your marking paint (refer to page 26)

Spray & Mark (Upright/Inverted Spray)	Ref. Code
● Spray & Mark Black	40013501
● Spray & Mark Red	40013502
● Spray & Mark Blue	40013503
● Spray & Mark Green	40013504
● Spray & Mark Yellow	40013505
● Spray & Mark Orange	40013506
○ Spray & Mark White	40013511
● Spray & Mark Violet	40013558

Spray & Mark (FLUORO) (Upright/Inverted Spray)	Ref. Code
● Spray & Mark Fluoro Red	40013522
● Spray & Mark Fluoro Blue	40013523
● Spray & Mark Fluoro Green	40013524
● Spray & Mark Fluoro Yellow	40013525
● Spray & Mark Fluoro Orange	40013526
● Spray & Mark Fluoro Violet	40013528
● Spray & Mark Fluoro Pink	40013529

Spray & Mark Water-Based

Marking Out Paint
350g [Qty 12]

Features & Benefits

- Reduced toxicity marking paint for a safer workplace
- Low VOC and low odour
- User friendly 360° nozzle for any-angle application
- Brighter colour range for highly visible marks
- Toluene-free formula
- Ideal for use on concrete, bitumen, steel, timber and grass
- Suitable for use with Dy-Mark's Long Arm Handle and Spot Marking Handle (refer to page 26)

Spray & Mark Water-Based (Upright/Inverted Spray)	Ref. Code
● Spray & Mark W-B Red	40063502
● Spray & Mark W-B Blue	40063503
● Spray & Mark W-B Yellow	40063505
○ Spray & Mark W-B White	40063511

Spray & Mark Water-Based (FLUORO) (Upright/Inverted Spray)	Ref. Code
● Spray & Mark W-B Fluoro Green	40063524
● Spray & Mark W-B Fluoro Orange	40063526
● Spray & Mark W-B Fluoro Pink	40063529

Spray Lacquer

Colour Coding Paint
350g [Qty 12]

Features & Benefits

- High quality paint for stencil and colour coding applications
- Lightfast and durable marks on steel
- Colour range is matched to Australian steel industry standards
- Suitable for use on metals and timber

Tips:

> Standard *Spray Lacquer* colours can be removed in a pickling bath

Spray Lacquer (Horizontal Spray)	Ref. Code
<input type="checkbox"/> Spray Lacquer UV Clear	39023500
<input checked="" type="checkbox"/> Spray Lacquer Black	39023501
<input checked="" type="checkbox"/> Spray Lacquer Signal Red	39023502
<input checked="" type="checkbox"/> Spray Lacquer Bluebell	39023503
<input checked="" type="checkbox"/> Spray Lacquer Violet	39023508
<input type="checkbox"/> Spray Lacquer White	39023511
<input checked="" type="checkbox"/> Spray Lacquer Jade	39023544
<input checked="" type="checkbox"/> Spray Lacquer Custard Yellow	39023565

<input checked="" type="checkbox"/> Spray Lacquer Fluoro Orange	39023526
<input checked="" type="checkbox"/> Spray Lacquer Fluoro Pink	39023529

Spray Ink

Stencil & Colour Coding Paint
315g [Qty 12]

Features & Benefits

- Specially formulated for stencil applications
- Toluene-free formula
- Fast drying and lightfast paint
- Also suitable for general colour coding
- Reduced spray drift allowing maximum accuracy of spray pattern
- Unique formulation minimises build-up when used on stencils
- Spray & Ink is suitable for use with our Brass Interlocking and Zinc Stencil Sets (refer to pages 13-14)

Spray Ink (Horizontal Spray)	Ref. Code
<input checked="" type="checkbox"/> Spray Ink Black	39013501
<input checked="" type="checkbox"/> Spray Ink Red	39013502

<input checked="" type="checkbox"/> Spray Ink Camouflage Green	39013584

Line Marking Paint

Durable Line Marking Paint
500g [Qty 12]

Features & Benefits

- A fast drying acrylic paint, designed for use with the Dy-Mark Line Master
- Specially formulated to provide long lasting lines
- Ideal for marking out car parks, factories, warehouses, sporting fields and courts
- Toluene-free formula
- Line Marking Paint is suitable for use with our Line Master machine (refer to page 26)

Line Marking Paint (Horizontal Spray)	Ref. Code
<input type="checkbox"/> Line Marking Clear	41015000
<input checked="" type="checkbox"/> Line Marking Matt Black	41015001

Tips:

> Black and grey can be used as cover over to erase mistakes

**Bulk
Paints**

Line Marking Paint Solvent-Based

Durable Line Marking Paint
4 L, 20 L

Features & Benefits

- A fast drying acrylic paint
- Specially formulated to provide long lasting lines
- Ideal for marking out car parks, factories, warehouses, sporting fields and courts
- Toluene-free formula
- A chlorinated rubber, alkyd paint designed for application over asphalt, tar-sealed and concrete surfaces

Line Marking Paint Solvent-Based	Litres	Ref. Code
● Line Marking Black	4L	41010401

Inks & Dyes

Flawchek System

Four part visible crack detection inspection process
350g [Qty 12], 1 L & 1 Kit 350g [Qty 4]

Features & Benefits

- Dye penetrating visible inspection system
- 4 step system – Preclean, Penetrant, Remover and Developer
- Detects cracks and flaws in metals and castings
- Fast, efficient and cost effective method
- Conforms to AS2062 TYPE 2 METHOD B

Flawchek "Crack Detection" System	Weight	Ref. Code

<input type="checkbox"/> Flawchek Step 3 Remover	1L	19010103
<input type="checkbox"/> Flawchek Step 4 Developer	1L	19010104

Flawchek "Crack Detection" System Kit		Ref. Code
<input type="checkbox"/> Flawchek 4Pt Inspection Kit	Box	19013599

The **Flawchek system** is a method of non-destructive testing which will detect flaws on metal surfaces.

Step by Step Instructions

Step 1 – Preclean (Grey)

1

Preclean to ensure the area to be inspected is free from contamination (grease, oils, rust and paint) and dry to allow the dye to absorb into possible flaws.

Step 2 – Penetrant (Red)

2

Spray penetrant dye over the area and allow to dwell for 10 minutes. Maintain moisture during this period then allow excess to drain. Extend dwelling time in cold conditions.

Step 3 – Remover (Blue)

3

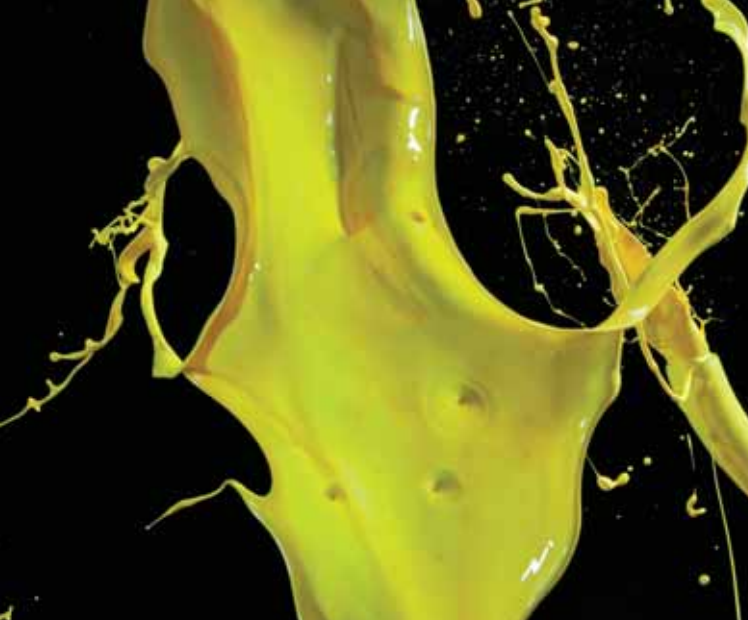

Spray Remover over the area and leave for up to 2 minutes then rinse and emulsify with water and allow to dry. Do not over rinse as this may remove Penetrant from the flaws.

Step 4 – Developer (White)

4

Spray a light coat of Developer over the area, avoiding a heavy film. Leave to dry and inspect the area for flaw after 2 to 3 minutes. If fine flaws are suspected, the area should be re-inspected after 20 minutes.

Note: These recommendations are based on tests conducted in normal conditions. Actual conditions of use are beyond Dy-Mark's control and recommendations are made without warranty.

Ballmarker Refill Ink T400

1 L, 20L

Feature & Benefit

- Opaque, waterproof and lightfast inks
- Extremely durable in all environmental conditions
- T400 Ink will mark on any surface, penetrating grease, oil and rust
- PB80 Ink is specially formulated to be removable by the pickling process (ensuring no bleed through during the galvanising process)
- Ballmarker Refill ink T400 is ideal to be used with the Ballmarker bottles and tips (see page 18).

Custom Made Stencils

Features & Benefits

- Professionally manufactured stencils
- Utilise latest technology in stencil cutting techniques
- Wide range of materials

Mylar Stencil

Features & Benefits

- Light, highly flexible, durable and solvent resistant polyester film
- Allows for closer contact to stencil surface, making it ideal for roller application and small characters
- Easy to clean
- Re-usable

Poly Stencil

Features & Benefits

- Durable and flexible polypropylene
- Resistant to most chemicals and acids
- Suitable for spray or roller applicators
- Easy to clean

Zinc Stencil

Features & Benefits

- Rustproof and resistant to most chemicals
- Long life for unlimited stencilling
- Ideal for 60 litre and 205 litre drum top stencils
- Suitable for roller or spray application

Zinc Stencil Sets

Features & Benefits

- Solvent resistant zinc material
- Easy to clean and re-usable
- Available in A – Z and 0 – 9

i Markers

Dy-Mark have a tip for every application.

Markal Thermomelts

Features & Benefits

- Accurate, fast, low-cost method for measuring surface temperatures
- Ideal for applications such as annealing, forging, welding, bending and forming
- Initial marks will appear dull and chalky; when desired temperature is reached, the mark quickly melts to a glossy, transparent-appearing liquid
- Accurate to within $\pm 1\%$ of rated temperature
- Improved holder features a durable metal shaft and convenient pocket clip

Tools & Accessories

Line Master

Line Marking Machine

Features & Benefits

- Ergonomic design with built-in side line attachment
- Heavy duty steel construction
- Lightweight, removable handle for spot marking
- Easy to transport
- Includes utility tray and storage for up to 5 cans of Dy-Mark's Line Marking Paint
- Line width adjustable between approximately 60mm and 100m

Line Master

Ref. Code

Line Master Line Marking Machine

41800203

Long Arm Handle

Features & Benefits

- Gives you that extra reach when you need it
- Assists in preventing back strain
- Improves efficiency and makes application less fatiguing
- Lightweight aluminium construction
- Suitable for use with Spray & Mark and Landscape Chalk aerosols

Long Arm Handle

Ref. Code

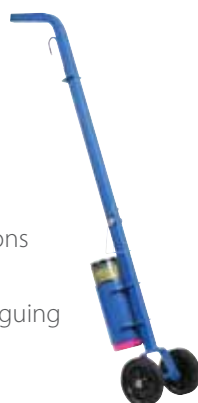

Long Arm Handle

40080105

2-Wheel Spot Marking Handle

Features & Benefits

- Great for repetitive marking out jobs
- Ideal for trench digging and landscaping applications
- Lightweight aluminium construction
- Improves efficiency and makes application less fatiguing
- Suitable for use with Spray & Mark and Landscape Chalk aerosols

2-Wheel Spot Marking Handle

Surface Protection

Zinc Gal

Zinc Rich Corrosion Inhibitive Coating
400g [Qty 12], 250ml, 500ml, 1 L, 4 L

Features & Benefits

- A zinc-rich high performance coating
- Contains 91% zinc in dry film
- Provides true galvanic protection to steel and iron
- Excellent adhesion properties
- Ideal for structural steelwork in industrial environments (tanks, pipes, fences and buildings)

Zinc Gal (Horizontal Spray)	Weight	Qty	Ref. Code
<input type="checkbox"/> Zinc Gal	400g	12	39054013
<input type="checkbox"/> Zinc Gal	250ml	1	32602513

<input type="checkbox"/> Zinc Gal	4L	1	32600413

Silver Gal

Anti-Corrosive Bright Silver Finish
350g [Qty 12]

Features & Benefits

- Anti-corrosive silver paint
- Designed to match the bright finish of hot dip galvanising
- Provides a tough and durable finish to steel and iron
- Ideal for industrial and decorative applications
- Suitable for use as a top coat over Dy-Mark's Zinc Gal

Silver Gal (Horizontal Spray)	Ref. Code
<input type="checkbox"/> Silver Gal	39053510

Primers

Heavy Duty Metal Protection 350g [Qty 12]

Features & Benefits

- Quality primer range for clean and rusty metal surfaces
- Forms a tough barrier against corrosion
- Excellent adhesion properties
- Superior coverage for DIY and industrial use
- Ideal for top coating with Dy-Mark's Revolution range of products
- Suitable for use on wrought iron railings, fences, gates and other structural steel

Primers (Horizontal Spray)	Ref. Code
<input checked="" type="checkbox"/> Red Primer	23043202
<input checked="" type="checkbox"/> Grey Primer	23043213
<input type="checkbox"/> Primer Clean Metal White	23113511

Etch Primer

Fast Drying Premium Formula 325g [Qty 12]

Features & Benefits

- Provides excellent adhesion for metal surfaces that are difficult to bond to
- Protects against corrosion
- Fast dry product
- Suitable for use on aluminium, galvanised iron, new steel, alloys and non-ferrous metals

Etch Primer (Horizontal Spray)	Ref. Code
<input checked="" type="checkbox"/> Etch Primer Grey	23503513

Rust Reformer

350g [Qty 12]

Features & Benefits

- Chemically converts rust on metal surfaces into a tough barrier against further corrosion
- Dries to a flat, black finish within 40 minutes
- Suitable as a stand-alone finish and can also be top-coated if necessary
- Can be sanded after 3 hours

Rust Reformer (Horizontal Spray)	Ref. Code
<input checked="" type="checkbox"/> Rust Reformer	23173501

Hi-Heat Enamel

350g [Qty 12]

Features & Benefits

- Retains colour and finish up to 538°C
- Direct to metal application
- Durable long lasting finish
- Ideal for grilles, wood-burning stoves, radiators, engines and other metal items
- Not for use in areas directly exposed to flames (e.g. inside grilles or fireplaces)

Hi-Heat Enamel (Horizontal Spray)	Ref. Code
<input checked="" type="checkbox"/> Hi-Heat Enamel Black	23153501

Cleaners

Acetone

General Purpose Solvent
1 L, 4 L

Features & Benefits

- Paint thinner and cleaning solvent
- Ideal for removing overspray

Acetone	Weight	Ref. Code
Acetone	1L	31010100
Acetone	4L	31010400

Xylene

Speciality Solvent
1 L, 4 L

Features & Benefits

- Ideal for use as a cleaner and stripper
- Removes grease, oil and dirt

Xylene	Weight	Ref. Code
Xylene	1L	31010101
Xylene	4L	31010401

General Purpose Thinner

Premium Solvent
1 L, 4 L

Features & Benefits

- Paint thinner and cleaning solvent.
- Ideal for removal of overspray.

sales@dymark.com.au • www.dymark.com.au

1964

Cyril Gillespie founded Dy-Mark with 10 employees in a small Adelaide office, producing a range of coding, marking and stencilling products.

1983

Following years of research and development, Dy-Mark launched the Line Marking range featuring Line Marking paint and machine.

1970

Doubling in size to 20 employees, the Dy-Mark team moved from its humble Adelaide office to a modest sized factory in Brisbane.

1985

Dy-Mark launched Spray & Mark, which quickly became a leading product.

1989

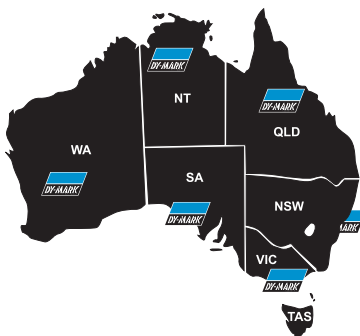

Dy-Mark expanded internationally and opened a branch in New Zealand.

1964

Dy-Mark celebrates 48 years of

1968

Following high interstate demand, Dy-Mark began selling products nationally.

1975

Due to rapid growth Dy-Mark relocated to a large factory and corporate office but remained in Brisbane. Dy-Mark launched FlawChek Kit and Spray Ink used regularly in factories and warehouses across Australia.

1987

Dy-Mark opened the Identification and Packing Solutions division, selling labels and barcoding systems to resellers and end-users.

1990

Dy-Mark launched Spray Writer for the forestry industry.

2000

Dy-Mark built a new factory with state of the art technology and manufacturing processes.

2002

Dy-Mark launched a metal protection range featuring the popular Zinc Gal and Silver Gal.

2005

The Dy-Mark logo was redesigned in a contemporary style.

2009

Dy-Mark revolutionised the line marking industry with the release of the Line Master machine while breaking into the DIY market with the launch of the Epoxy Garage Floor Coating and PlasGuard

2008

Dy-Mark launched its own range of markers – the P10, P20, P30, DUO and D10.

2012

Dy-Mark continues the innovation – look out for new and exciting product launches!

tackling any job, any challenge! 2012

2001

Dy-Mark is recognised as one of Australia's largest distributors of aerosols in industrial marking.

2007

Dy-Mark rebranded the aerosol range in a simple yet modern look.

2011

The much anticipated Revolution aerosol paint was launched reinforcing Dy-Mark's presence in the industrial and DIY markets. Dy-Mark expanded further to employ more than 100 people.

1996

Dy-Mark launched its first catalogue and introduced the Mine Marking range just in time for a boom in the mining sector.
