Quickbits Adaptors & Extensions

Adaptors and extension bars fit all 1/4" bits. Extension bars are intermateable providing extra long reach.

Shank
1/4" hex shank suits quick change adaptors

Slim Diameter
Passes through 11/16" hole

Quick Change Spring-Loaded Sleeve
Recessed sleeve prevents accidental release

Tapered Head Design
Guides the extension through the hole

Discount Group: A0424

Quickbits Hinge Mate

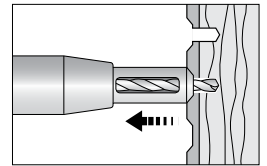

Ideal for drilling exact pilot holes in cabinet door hinges and door butts. The nosepiece bevel centres itself in the hardware's countersink, applying pressure to the bit causes the nosepiece to retract, allowing the bit to drill a perfectly centred pilot hole.

Spring Loaded Outer Guide with Chamfered Head
Makes accurate pilot holes for hinges

Quickbit Guide

1. The nosepiece bevel centre itself in the hinge's countersink.

2. Applying pressure causes the nosepiece to retract allowing the bit to drill a perfectly centred pilot hole.

Shank
1/4" hex shank suits quick change adaptors

THE QUICK-CHANGE SOLUTION for Power Drills

Universal fast release system

The P&N Quickbit range has been specifically developed to provide quick change-over of standard 1/4" hex shank power bits. This comprehensive range of power drill bits and accessories is for trade and home handyman use and allows the operator to simply and efficiently use one power tool for all operations.

Central to the range is the Quickbit Adaptor, which aids in the simple change over and instant locking of any 1/4" hex shank bit without the use of a chuck key. Changing from a drill to a screwdriver bit is no longer a laborious task. There's no more need for repetitious chuck loosening and tightening or using two drills.
